Introduction to the LSF

The League of Silent Flight is an association of RC glider pilots. It is not a club, it is a program. Membership can only be earned. Membership cannot be bought. There are no membership fees. To become a member, an R/C glider pilot must fulfill the requirements of Level I of the LSF Soaring Accomplishments Program: a 5 minute thermal flight; a 15 minute slope flight or a second 5 minute thermal flight; and five spot landings within 3 meters of a target point.

Advanced levels in the program are progressively more challenging. Level V, for example, requires a 2 hour thermal flight, an 8 hour slope flight, a 10 kilometre goal-and-return flight, as well as considerable success in soaring competition.

Members are privileged to display the distinctive LSF insignia. The LSF emblem on a jacket or sailplane is a symbol of proven performance. It is displayed with pride - and recognised – anywhere in the world.

All aspirants and members must maintain affiliation with the Model Aeronautical Association of Australia (FAI Sporting license) through club membership. Many clubs find that group participation in the LSF can encourage new interest and growth.

The LSF is a personal challenge, and serious glider pilots are invited to associate with the League. What's the first step? Declare your intent and become an aspirant.

Become an Aspirant: fill out this form and send to the Levels Registrar (see above)

To: LSF Executive

I, (please print name) will support the philosophies, concepts and criteria set forth in the by-laws of the League of Silent Flight and give notice herewith of intention to attain Level I of the LSF Soaring Accomplishments Program, and by so doing, earn full recognition and privilege of membership.
